SUBJECT No. 276.

A separate Headmaster for the Anglo-Vernacular School at Hole-Narsipur.

Mr. N. Venkataramaiya, Hassan District Board.

Summary of discussion.—Government have expressed their inability to appoint a separate Head master for the Anglo-Vernacular School at Hole-Narsipur. They may be pleased to reconsider the order and appoint a separate Headmaster for the school, as it would be of great convenience to the people.

Reply of Government.—A good suggestion. Noted for consideration.

SUBJECT No. 277.

Bridges over the Cauvery at Ramnathpur and Kerlapur in the Arkalgud Taluk.

Mr. N. Venkataramaiya, Hassan District Board.

Summary of discussion.—Bridges may be constructed across the Cauvery river at Ramnathpur and Kerlapur in the Arkalgud Taluk.

Reply of Government.—Noted. Will be taken up when funds are available.

SUBJECT No. 278.

State grant for improving the sanitation of Arkalgud, Channarayapatna and Hole-Narsipur towns.

Mr. N. Venkataramaiya, Hassan District Board.

Summary of discussion.—In Arkalgud, Hole-Narsipur and Channarayapatna there are dilapidated fort walls and trenches. There are no funds at the credit of the Municipalities concerned for improving the sanitation of these towns by the removal of the rubbish. Hence a State grant is prayed for for improving the sanitation of these places.

Reply of Government.—Noted.

SUBJECT No. 279.

Road from Hole-Narsipur to Channarayapatna.

Mr. N. Venkataramaiya, Hassan District Board.

Summary of discussion.—Estimates were prepared in the Public Works Department some time back for the construction of a road from Hole-Narsipur to Channarayapatna. During floods much difficulty is experienced to carry on traffic. The road may therefore be constructed early.

Reply of Government.—Noted.

SUBJECT No. 280.

Construction of an Annachattram at Belur.

Mr. N. Venkataramaiya, Hassan District Board.

Summary of discussion.—The chattram building at Belur fell down long ago and feeding is now being conducted in a stone mantap which is also in a bad condition. A good chattram may be constructed on the old site.

Reply of Government.—The matter is under correspondence.

SUBJECT No. 281.

Repairing the Gopura on the Mahadwara and outer shrines and construction of a Vimana to the Belur temple.

Mr. Venkataramaiya, Hassan District Board.

Summary of discussion.—The Gopura on the Mahadwara and the outer shrines in the historic, artistically beautiful and large temple at Belur, which is visited by Europeans and others, are in a dilapidated condition. If no prompt action is now taken, the buildings will shortly tumble down. About four years ago an estimate was prepared for repairs at the direction of the Dewan, of which only a few items were carried out. The building may be placed in charge of the Public Works Department

and the temple completely restored by working out a few items every year. The Belur temple was inspected by the Dewan Sahib during his recent Malnad tour and the Palace Engineer was asked to prepare an estimate for it. As the work is not yet taken up, early orders are prayed for for the construction of the Vimana which was pulled down by order of Government.

Reply of Government.—The matter is under enquiry.

SUBJECT No. 282.

Repairs to the Saklespur temple.

Mr. Malali Venkataramaiya, Manjarabad Taluk.

Summary of discussion.—It is understood that the Public Works Department have prepared an estimate for providing the temple with corrugated iron roofing to prevent leakage. Owing to heavy rainfall in this malnad tract, iron roofing will soon corrode and leak. It is prayed therefore that the temple may be provided with Mangalore tiled roofing.

Reply of Government.—An estimate for a light iron roofing was sanctioned. The question of substituting Mangalore-tiled roofing is under correspondence.

SUBJECT No. 283.

Building for the Hospital, Saklespur.

Mr. Malali Venkataramaiya, Manjarabad Taluk.

Summary of discussion.—The present Hospital buildings are better fitted for dwelling than for dispensary purposes. They may be utilized for the residence of the Medical Officer and two more buildings may be constructed in the compound, one for dispensing medicines and the other for the compounder's quarters.

Reply of Government.—Noted.

KADUR DISTRICT.

(*Nos. 284 to 302.*)

SUBJECT No. 284.

Drainage scheme of the Chikmagalur Town.

Messrs. C. Srinivasa Rao, Chikmagalur Taluk, and H. P. Ramaswami Iyengar, Chikmagalur Municipality.

Summary of discussion.—The drainage scheme of the Chikmagalur Town may be taken in hand immediately.

Reply of Government.—A project is said to be under preparation by the Sanitary Engineer. He will be asked to expedite it and place it for consideration before the District and Central Sanitary Boards.

SUBJECT No. 285.

Water-supply to Chikmagalur.

Mr. G. Abdul Khalik, Chikmagalur Municipality.

Summary of discussion.—Chikmagalur water works may be enlarged by the Bhutanvare project.

Reply of Government.—The Chief Engineer is of opinion that by regulating the distribution of water properly, it will be possible to find sufficient water and the Bhutanvare project is likely to be very costly. The matter will be further considered in consultation with the Chief Engineer.
